## DETAILED ACTION

### *Claim Objections*

1. The objection to claims 1-6 has been withdrawn. However, after further consideration, claims 4 and 5 are objected to as set forth below. Claim 4 what does it mean by the limitation “the quadrature phase arm is **effected in** respectively **one diagram**”? Such limitation should be amended so as to improve the claim language similar comment applies to the following limitation of “the quadrature phase arm is **effected together in** one **diagram**” recited in claim 5. Appropriate, correction is required.

Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted

after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
